MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SANITARY ENGINEERING ASSISTANT, DEPARTMENT OF PUBLIC HEALTH, MAY 6, 1924.

The salary is \$1,200 per year. It is desirable that applicants should either be graduates of a course in sanitary engineering given by a recognized technical institution, or should have had a year's experience in sanitary engineering in addition to a general engineering education.

The duties of this position require that applicants be capable of making sanitary surveys of watersheds and assisting in the examinations of water supplies, sewage disposal works and rivers under the direction of the chief engineer or his principal assistants. Applicants should have a knowledge of hydraulics and of interpretation of water and sewage analyses and be able to make plans or sketches of works under investigation without being called upon to make designs.

The subjects of examination with their respective weights will be as follows: Training and experience, 8; penmanship, 1; mathematics, 4; questions on duties, 7; total, 20.

Applicants will be required to obtain a mark of at least 65 per cent in training and experience and in general average in order to become eligible.

Preference granted under the law to disabled veterans is applicable to this examination.

WATCHMEN, GATEMEN, GUARDS AND PRISON OFFICERS, MAY 15, 1924.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes watchmen and guards in public parks, grounds, institutions and departments, gatemen for ferries; turnkeys and guards in prisons, houses of detention and reformatories.

Applicants for appointment as officers in the State Prison and Massachusetts Reformatory must be not less than twenty-five and not over forty years of age at the time of filing application. Applicants for appointment as officers in Prison Camp and Hospital must be not less than twenty-three nor over forty years of age at the time of filing application. All applicants for these places must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds. A certificate of date of birth must be filed with the applications for this service.

There are no age, height or weight limits for watchman service other than those mentioned above.

The examination for watchmen, gatemen and guards will be as follows: Training and experience, 6; memory test, 1; arithmetic, 1; handwriting, 1; accuracy, 1; total, 10.

The examination for prison officers will be as follows: Training and experience, 4; practical questions covering general disciplinary and penological methods, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants who pass the examination for prison officers will, upon request, also be placed on the list for watchmen.

Successful applicants will be given a physical examination.

DENTISTS, MAY 21, 1924.

This examination is for the service of the state, all cities in the state and such towns as are classified under civil service. From the eligible list established as a result of this examination names will be certified to fill vacancies in institutions, schools and other positions as they occur. The salaries range from \$1,000 to \$1,400 per year.

Applicants are required to be registered to practise dentistry under the Board of Dental Examiners, Department of Civil Service and Registration.

The examination will consist of the filing of a statement of training and experience. The mark given on experience will be combined with the mark given applicants by the State Board of Dental Examiners, and an average will be taken to determine their standing on the list.

Successful applicants will also be given a physical examination.

JANITORS, MAY 23, 1924.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. There are several vacancies at the present time.

The subjects of examination with their respective weights will be as follows: Training and experience, 5; practical questions on the duties of the position, 5; total, 10. Applicants are required to obtain a mark of at least 50 per cent in practical questions. Successful applicants will also be given a physical examination.

PORT OF BOSTON.

Best of natural harbors, sheltered, spacious for anchorage, main ship channel 35 feet in depth at low tide, near open sea, total area of harbor about 47 square miles; waterfront (*i. e.*, lineal pier space) 40 miles, 6 miles fronting on 30 feet depth at low water. A 45-foot channel from entrance of harbor to President Roads and 40-foot from there to wharves will be dredged in the near future.

The three principal freight terminals are those of the Boston and Maine R. R. in Charlestown, Cambridge and E. Somerville; the Boston and Albany R. R. in East Boston; the New York, New Haven and Hartford R. R. in South Boston, interchange of freight between terminals effected by Union Freight R. R. with tracks on waterfront streets. New Commonwealth Pier No. 5, South Boston, 1,200 feet long, 400 feet wide, accommodating five 600-foot ships at one time, 40 feet depth at mean low water on both sides, with three 2-story fireproof buildings of steel and concrete construction, containing 900,000 square feet of floor space, total cost of this enterprise to State, \$4,500,000. Commonwealth Pier No. 6, South Boston (Fish Pier), buildings on same erected by lessee, Boston Fish Market Corporation, cost to State, \$1,487,361. New Commonwealth Pier, No. 1, East Boston, 900 feet long, costing State \$764,600 for site and about \$345,000 for construction. New dry dock at South Boston (probably the largest in world), completed in 1919, 1,200 feet long and 120 wide, costing over \$3,000,000 and taken by U. S. Government at total cost of same to State. Islands in Boston Harbor over 3 acres in area, 17, with total area of 965 acres; Long Island the largest, or 215.5 acres. Owned by United States, 392 acres; by City of Boston, 334 acres. Number of wharves, 143, of which 8 are owned by the City. There are 24 foreign steamship lines with regular sailings to and from Boston and 19 coastwise lines (5 to Pacific ports). In 1915 a revision of the harbor lines was made and the project undertaken whereby 600 acres of flats between Governor's Island and Jeffries Pt., E. Boston, will be filled in and used for extensive commercial development under State control. At the close of 1922 about 120 acres had been filled.

In April, 1918, the Government established its Army Supply Base on a portion of the Commonwealth lands in South Boston. About 57.6 acres were purchased of the State, the price being \$1,317,510, quickly followed by the construction of two pier sheds, each 920 feet long, a wharf shed and other buildings, including one of the largest storehouses in the world, built of reinforced concrete, eight stories high, 1,638 feet long, 126 feet wide and with floor space of over 1,650,000 square feet or about 38 acres. The total outlay for the plant was \$26,000,000.

Total Federal expenditure for improvement of Boston Harbor from 1790 to June 30, 1918, \$12,525,981; total expended and provided for by State, \$18,364,947 since 1859.

Of all telephones in the world, 64 per cent are in the United States; 9.5 per cent in Germany; 5.2 per cent in Great Britain; 3.3 in Canada; 2.2 in France. Number of telephones (estimated) per 100 population:—Los Angeles, 21.3; Chicago, 20.5; Boston, 20.0; Cincinnati, 17.1; Cleveland, 16.0; New York, 15.6; Pittsburgh, 15.2; St. Louis, 14.8; Copenhagen, 13.9; Philadelphia, 13.6; Detroit, 13.6; Baltimore, 11.6; Berlin, 10.5; Montreal, 9.2; London, 4.3; Paris, 3.2; Petrograd, 3.0; Rome, 2.1; Tokio, 2.0.

Patent for invention of telephone obtained on March 17, 1876, by the late Professor Alexander Graham Bell, who first demonstrated its success in Boston on the 10th of same month. The Bell System (*i. e.*, American Telephone & Telegraph Company), originating in Boston, had 8,333,979 telephone stations, January 1, 1921, and there were 4,267,956 connected stations, all constituting 90 per cent of total in United States, and 25,377,404 miles of wire (60.5 per cent underground) with about 33,162,000 messages daily (average).

Total number of telephones in use in United States in January, 1921, 13,411,380 or one to every eight persons (approximately).

REDIVISION OF BOSTON INTO WARDS.

Chapter 630, Acts of 1914, required the redivision of Boston, by the City Council, into not less than 24 nor more than 36 wards, so arranged as to contain as nearly as could be ascertained an equal number of voters in each ward. On December 28, 1914, the City Council enacted as an Ordinance, by vote of 6 to 3, the plan submitted by its Committee on Redivision of Wards. This plan describes the new boundaries of the 26 wards. (See Municipal Register for 1921, pages 196-207.) The changes effected by the redivision of wards were mainly these, viz., Wards 1 and 2, East Boston, are divided by Prescott and

Princeton streets instead of as before; Charlestown has two wards (3 and 4) instead of three; Ward 5 covers the old Wards 6, 7 and 8; Ward 6 in place of old Ward 9; Ward 7 in place of old 10; Ward 8 in place of old 11; Wards 9 and 10 cover the old South Boston Wards 13, 14 and 15 mostly; Ward 11 takes in the northern half of old Ward 16 and western end of old Ward 15; Ward 12 is similar to old Ward 17 and Ward 13 to old 18; Ward 14 includes old Ward 19 and adjacent part of old Ward 22 (as far as Perkins and Centre streets); Wards 15 and 16 cover old Ward 21 and the northern part of 22 (as far as Boylston street); Wards 17, 18 and 19 cover that part of old Ward 16 south of Dudley street and all of old Ward 20; Wards 20 and 21 cover the eastern half and western half respectively of old Ward 24 (as far as Blue Hill avenue and Walk Hill street); Ward 22 includes the southern half of old 22 below Boylston street and the northern end of old Ward 23 to Whipple avenue, Walk Hill, South and Allandale streets; Ward 23 is unchanged except as to its northern boundary just stated, and Ward 24 takes in Mount Hope section, east of railroad, Mattapan and Hyde Park. Wards 25 and 26 cover the southern half and northern half respectively of old Ward 25, Brighton.

LATEST PUBLIC DEBT STATISTICS.

Gross funded debt, February 1, 1923, \$126,576,800.99; sinking funds, \$41,898,891.76; other redemption means, \$1,147,322.06; net debt, \$83,530,587.17 or \$3,617,576.61 more than in 1922; of said total \$49,471,830.76 (59.23 per cent) was City Debt, \$32,424,969.18 (38.82 per cent) Rapid Transit debt (representing 4½ per cent investment); \$1,351,787.23 (1.62 per cent) County debt and \$282,000 (0.33 per cent) Water debt.

Net debt per capita \$99.69 (approx.); net debt exclusive of Rapid Transit investment debt, \$51,105,618 or \$60.90 per capita. Loans authorized but not issued (within debt limit), \$1,254,000; same outside of debt limit, \$496,000.

In the fiscal year 1922-23, the net City debt was increased by \$2,478,014 and the net Rapid Transit debt by \$1,235,900; the net County debt was reduced by \$80,337 and the net Water debt by \$16,000.

Total debt contracted, \$8,122,500; total debt paid, \$6,246,650; total increase of gross debt, \$1,875,850; of net debt, \$3,617,577.

Total debt incurred in the ten years 1913 to 1922 inclusive, \$54,508,850, of which \$17,982,000 or 32.99 per cent was Rapid Transit debt, while \$22,601,100, or 41.46 per cent was for streets, sewers and bridges.

Total amount of debt incurred by the City in the 100 years since its incorporation (in 1822), \$272,257,638, of which more than half (*i. e.*, 52.74 per cent) was added in the last 25 years, 18.79 per cent in last 10 years. From 1822 to 1870 the amount borrowed was \$31,916,010 or a yearly average of \$664,917. From 1870 to 1920 the total borrowed was \$230,253,427 or a yearly average of \$4,605,068. The maximum for a 10-year period was from 1896 to 1905, when the yearly average was \$7,188,493. Yearly average for last 10 years, \$5,450,885; for last 5 years, \$4,373,600.

No other large city has been subjected to such a drastic reduction of debt-incurring power. [Statistics Dept's revision.]

CITY FLAG FLOWN BY CITIZENS ON BOSTON'S ONE HUNDRED AND SECOND BIRTHDAY ANNIVERSARY.

THURSDAY, MAY 1, SAW THE MUNICIPALITY ENTER UPON ANOTHER YEAR OF HISTORY WITH NO FORMAL EXERCISES BEING HELD.

REPRODUCTION OF BOSTON'S CITY FLAG FLOWN BY CITIZENS THURSDAY, ON ONE HUNDRED AND SECOND ANNIVERSARY.

The City of Boston celebrated its 102d birthday anniversary Thursday, May 1, unostentatiously. There were no formal exercises. In keeping with the request of Mayor James M. Curley many business and other establishments displayed the city emblem. Most of the citizens, however, displayed the national colors since they were unable to secure the city flag.

The city flag was adopted as an emblem in 1917 by the passage of the following ordinance:

ESTABLISHING THE MUNICIPAL STANDARD AND CITY FLAG.

SECTION 1. The municipal standard of the city of Boston, which is hereby established, shall be made of silk of the colors designated, namely: Continental blue and buff, and shall be five feet in length and three and one half feet in width, or in proportion thereto. Provided, that a city flag of like design and colors may be made of bunting for out-

door display, the size of such bunting flag to depend upon the place of display. The body of the standard shall be blue, as specified, with the official city seal embroidered in the center; and two rings of white shall encircle the seal. The reverse of the municipal standard shall bear a representation of the Trimountain. The city flag shall have no reverse except the seal showing through the bunting, the seal to be painted on or woven in the fabric. The municipal standard shall have a fringe of Continental buff; the city flag to be without fringe.

SECT. 2. The colors herein specified shall be the official colors for the city of Boston, namely: Continental blue and Continental buff.

SECT. 3. The city flag shall be displayed on City Hall and may be displayed on Boston Common on occasions when the national flag is ordered displayed.

SECT. 4. The municipal standard of silk may be carried or displayed in parades, at reviews, and on other official occasions

when the mayor is present and when directed by him. Boston organizations may have copies of the municipal standard on approval by the mayor.

SECT. 5. Neither the municipal standard nor the city flag nor any reproduction shall be used for any commercial purpose, and no advertising device shall be placed upon it or used in connection with it; and the municipal flag or standard shall not be used for any purpose not authorized by this ordinance, except with the permission of the Mayor.

SECT. 6. Any person violating any provision of section five of this ordinance shall be punished by a fine not exceeding twenty dollars for each offence, and not only the person actually doing the prohibited thing, but also his employer and every other person concerned in so doing shall be punished by such fine.

SECT. 7. The city messenger shall be custodian of the municipal standard and of the city flags that are the property of the city.

SECT. 8. This ordinance shall take effect upon its passage.

[Approved by Mayor, January 30, 1917.]

URGES DEPARTMENT HEADS TO CURTAIL EXPENSES UNTIL TAX LIMIT AND BUDGET ARE FIXED.

Mayor Curley issued the following order to department heads April 28:

To the Heads of Departments:

The General Court of Massachusetts, which controls the financial destinies of the municipality of Boston in the matter of the tax limit, having for no valid reason failed to enact during the past four months the legislation which would determine the Boston tax limit and permit of the submission of the municipal budget to the City Council, it is imperative that each department curtail expenditures at once.

To deprive persons in the employ of the city of wages and salaries when due would represent a hardship difficult to justify and yet one which they will be required to undergo, provided any municipal department exceeds the amount which under the law they are permitted to expend in anticipation of their appropriations.

You are accordingly directed to make no further contracts from departmental appropriations until the adoption of the budget by the City Council.

It may be necessary for the protection of public health and the safety of property of the people to incur liabilities but in no case should this be permitted except in cases that represent extreme emergencies.

Respectfully yours,

JAMES M. CURLEY, Mayor.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

NATHAN HASKELL DOLE.]

MAYOR APPEALS TO PUBLIC FOR NEAR EAST RELIEF.

THE MAYOR'S PROCLAMATION.

The President of the United States in a proclamation asking assistance for the people of the Near East points out the calamitous condition of the deported population, largely women and children, and calls to the charity of America to give relief.

I am moved to supplement the presidential appeal and to ask that the citizens of Boston assist in alleviating the misery of the unfortunates in any and all ways in a climate and at a time when hunger and nakedness afflict the homeless and fatherless exiles and refugees.

I am of opinion that gifts of cast-off clothing will save thousands of these sufferers from perishing; and all contributions of this character will be distributed where they will count, by the Near East Relief workers who are on the spot. I therefore appeal to our citizens to select such clothing as they can spare and send them to the fire and police stations nearest their residences, as all these stations throughout the city have been designated and will be used as depots for the collection and reception of bundles to help this worthy cause.

In the sincere hope that the citizens of Greater Boston will answer this appeal with their accustomed generosity I hereby designate May 12, 1924, as bundle day for the Near East Relief.

JAMES M. CURLEY, *Mayor*.

POLICE DEPARTMENT ORDERS.

General Order No. 523.

A trial board consisting of Captains Driscoll, McConnell and Laffey, having heard by reference a complaint against Patrolman Stephen J. Sheehan of Divi-

made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts; also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE SCHOOLHOUSE COMMISSIONERS, Room 1007, City Hall Annex, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 1001, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down of buildings.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, Fire Department Headquarters, 60 Bristol street, for all information relative to the erection of poles, the building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 906, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings in the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

sion 9, charging him with neglect of duty and conduct unbecoming an officer, has reported to the commissioner a finding of guilty upon both charges and specifications.

The finding of the trial board upon the first charge and specifications is hereby confirmed, but the finding of guilty upon the second charge and specification is hereby set aside because of the insufficiency of the evidence presented to sustain the same.

In accordance therewith, it is hereby ordered that the said Patrolman Stephen J. Sheehan perform two hundred and ten hours' punishment duty.

General Order No. 524.

The resignation of Patrolman John J. Gorham of Division 5 having been presented, it is hereby accepted, to take effect Saturday, April 26, 1924, at 7.45 o'clock a. m., seven days' notice waived.

General Order No. 525.

A trial board consisting of Captains Driscoll, McConnell and Laffey, having heard by reference a complaint against Patrolman Thomas J. Connolly of Division 2, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty on the charge and first specification thereunder and not guilty on the second specification. In accordance with which, it is hereby ordered that the said Patrolman Thomas J. Connolly perform one hundred and five hours' punishment duty.

The Superintendent of Police will promulgate this order.

BOSTON WINS LONG COURT BATTLE OVER DORCHESTER TUNNEL WORK.

UNITED STATES SUPREME COURT BARS APPEAL OF CONTRACTOR MCGOVERN WHO SOUGHT DAMAGES FROM CITY CLAIMING LOSS OF PROFITS.

Refusal of the United States Supreme Court to permit an appeal by Patrick McGovern, New York contractor, from the finding of the United States Circuit Court of Appeals in his case against the City of Boston for Dorchester Tunnel construction, will, according to Col. Thomas F. Sullivan, chairman of the Transit Commission, save the city several hundred thousand dollars in definitely ending the controversy.

The case has been in the courts since early in 1917, and in that time the city printing bill alone for the case was nearly \$12,000, while another \$20,000 was eaten up in masters' fees, expert testimony and stenographers' fees.

McGovern was awarded a contract for construction of that section of the Dorchester Tunnel running from Summer street to Dorchester avenue and West Second street, a distance of approximately 3,200 feet, 2,400 feet of which was under Fort Point channel. He started work January 4, 1915, and on January 7, 1916, the workmen ran into a ledge of rock which had not been found by the engineer's borings, and which consequently did not appear in the specifications. McGovern completed his section of the tunnel in October, 1916, and immediately instituted proceedings to recover for the loss he claimed in having had to tunnel through the ledge.

In brief he alleged fraud on the part of the Transit Commission, declaring that they knew of the existence of the ledge and had failed to act in good faith in leaving it out of the specifica-

tions. He asked rescission of the contract and award of approximately \$150,000 over the contract price, making a total of nearly \$300,000.

The case of McGovern v. the City of Boston created wide interest in municipal and legal circles, in that it would have established a precedent with probable unfortunate results to municipalities in the future. Again, more interest was aroused by the fact that charges of unfairness were voiced over a master's hearing.

The case ran the gamut of the state courts, and finally when McGovern appealed to the full bench of the Supreme Court, that body sustained Judge Carroll in his ruling that the firm was bound by the contract. McGovern took the case to the United States District Court here, and it was first referred to a master for hearing.

Former Judge James W. Remick of Concord, N. H., was appointed master and found against the city, Judge Johnson awarding McGovern his damages in a decision handed down May 6, 1922, following denial exceptions taken by the city.

The city then took it to the Circuit Court, which found for the city, remanding the case back to the District Court with instructions to dismiss the bill and award costs to the city. The city also won on a petition for rehearing by McGovern and later also in the Circuit Court of Appeals, after which the contractor petitioned for permission to appeal to the United States Supreme Court.

The Mayor has approved the following contracts, awarded without advertising; requests of heads of departments to do the work with the department forces without advertising; additions to and deductions from contracts.

ASSESSING DEPARTMENT.

Upon April 25 the Mayor approved a contract with the M. A. Dewell Company for the preparation of two copies of the police lists. A communication from Joseph G. O'Malley, of the Assessing Department was as follows:

BOSTON, April 25, 1924.

HON. JAMES M. CURLEY,

Mayor of Boston:

DEAR SIR,—We desire your permission to make a contract with M. A. Dewell, known as the Dewell Company, in the preparation of two copies of the police lists, showing the name, residence, and serial number of each male person over twenty years of age. In order to give a consecutively numbered list it will be necessary to eliminate all females, businesses, vacant dwellings, totaling approximately 520,000 items, and then number the remaining residents consecutively, by wards, of about 250,000 names.

The Dewell Company have done this and other work for this department at various times, are a reliable concern and are familiar with our books. In order to hasten the payment of the poll tax bills it is necessary to speedily complete this work.

From the figures submitted by other concerns competent to do the work, I am unable to find anyone who is willing to do it at a less cost.

The Dewell Company have further agreed to deliver the work, complete, not later than June 9, and, because of this early date and the fact that they have agreed to do it at a less cost than anyone else competent to do the work, we desire your permission to make the contract, without advertising, at a total cost of \$6,700.

Respectfully,

BOARD OF ASSESSORS,
by JOSEPH G. O'MALLEY,
Secretary.

PUBLIC WORKS DEPARTMENT (Artificial Stone Sidewalks).

Upon April 30 the Mayor approved a contract with Redmond McDonough & Sons for the construction of artificial stone sidewalks. A communication from Joseph A. Rourke of the Public Works Department was as follows:

BOSTON, April 24, 1924.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Redmond McDonough & Sons, 36 Moultrie street, Dorchester, is hereby requested on the ground that this contractor is not selected by the city but by the abutters; because the expense of construction is divided by the city and abutters; and also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

Upon April 30 the Mayor approved a contract with Thomas H. Coulter for the construction of artificial stone sidewalks. A communication from Joseph A. Rourke of the Public Works Department was as follows:

BOSTON, April 29, 1924.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to Thomas H. Coulter, 39 Hemlock street, West Roxbury, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction being divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

Upon April 30 the Mayor approved a contract with William J. Pendergast for the construction of artificial stone sidewalks. A communication from Joseph A. Rourke of the Public Works Department was as follows:

BOSTON, April 29, 1924.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to William J. Pendergast, 202 Cedar street, Wellesley Hills, Mass., is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; sec-

only, the expense of construction being divided by the city and abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

Upon April 30 the Mayor approved a contract with William Hesselting for the construction of artificial stone sidewalks. A communication from Joseph A. Rourke of the Public Works Department was as follows:

BOSTON, April 28, 1924.

To the Mayor of Boston:

Permission to award a contract for the construction of artificial stone sidewalks in the public streets, without advertising, to William Hesselting, 469 Norfolk street, Dorchester, is hereby requested on the ground that this contractor is not selected by the city in the first instance but by the abutters; secondly, the expense of construction being divided by the city and the abutters; also because such contracts vary greatly in amounts and seldom involve one thousand (\$1,000) dollars.

Respectfully yours,

JOSEPH A. ROURKE,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon April 26 the Mayor approved a contract with the Linscott Motor Company for furnishing the Park Department one Reo speed car. A communication from Frank P. Rock of the Supply Department was as follows:

BOSTON, April 24, 1924.

HON. JAMES M. CURLEY,
Mayor of Boston:

DEAR SIR,—Permission is respectfully requested to award a contract, without publicly advertising the same, to the Linscott Motor Company for furnishing to the Park Department: One Reo speed wagon chassis, equipped with windshield, \$1,320; less allowance on old Ford truck, \$100; net amount of contract, \$1,220.

The Park Department informs us that this particular chassis is the one that best meets their requirements, and for this reason this permission is requested.

Yours respectfully,

FRANK P. ROCK,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

The following additions to and deductions from contracts have been approved:

PARK DEPARTMENT.

R. A. Bossi Company have been ordered to do the following additional work on contract for sanitary and locker building, World War Memorial Park, East Boston: Boiler room: Item 1. Cut out mortar joints in present stone wall on three sides of boiler room; build concrete walls on said three sides of boiler room 8-inch thick and 5-feet high, stock and labor for same, \$454.30; concrete foundation walls: Item 2. All concrete walls under new addition and stairs to start down on hard pan, 4-feet 3-inch lower than shown on elevations, excavating and concrete work for same, \$683. Total, \$1,137.30. TO SELL OIL TANK.

Upon April 25 the Mayor approved the request of the Public Works Department for right to sell to Alden Spear's Sons Company, Cambridge, without inviting proposals therefor by public advertisement, one old tank and parts for oil distributing, having an estimated value of \$150. This equipment is of no further use to the department.

EXTENSION OF CONTRACTS.

BOSTON SANATORIUM.

The Jarvis Engineering Company has been granted an extension of time on the contract for establishing a refrigeration plant.

PUBLIC WORKS DEPARTMENT.

W. H. Ellis & Son Company have been granted an extension of time of completion of the contract for repairing fenders of Dorchester Avenue Bridge, over Fort Point channel, from April 21, 1924, to May 15, 1924.

The Holbrook, Cabot & Rollins Corporation have been granted an extension of the time of completion of the contract for erecting and completing Chelsea Bridge South, from May 1, 1924, to July 31, 1924, on account of the difficulty in maintaining traffic over the old and new bridges.

M. H. Loonie has been granted an extension of the time of completion of the contract for building sewerage works in Congress street, between Atlantic avenue and Purchase street, city proper, from April 26, 1924, to May 15, 1924, nineteen days.

CONTRACTS AMENDED.

A. Piotti Company has been allowed to amend his contract for the erection and completion of an intermediate school in the Charles Sumner District, Poplar and Hawthorne streets, Roslindale, by striking out the words and figures, "May 15, 1923," on page 24, Section 3, and substituting therefor the words and figures, "February 6, 1924," so that the beginning of the last paragraph of said Section 3, on page 24, shall read: "The work is to be commenced on or about May 15, 1922, and is to be completed on or before February 6, 1924."

PAVING STREETS ORDERED.

The Mayor has approved the following order of the Board of Street Commissioners:

That this Board, having passed the order of notice relating to the public improvements hereinafter described, and having caused a copy of said order to be published March 28, 29, 1924, and March 31, April 1, 1924, in the *Boston Globe* and *Boston Transcript*, two daily newspapers published in the City of Boston, and having given the public hearing, notice of which was given in said order, and being of the opinion that public convenience so requires, does hereby order that specific repairs be made on the following streets:

Shawmut avenue, Boston proper and Roxbury districts, from Warrenton street to Roxbury street, by substituting asphalt or bitulithic pavement for the present granite block pavement.

Blue Hill avenue, Dorchester district, from Canterbury street to the Neponset river, westerly side, by substituting asphalt or bitulithic pavement for the present macadam pavement.

MAYOR PROCLAIMS WEEK OF MAY 4 TO 10 MUSIC WEEK.

May 4 to May 10 has been designated "Music Week" by Mayor Curley and has been set apart and dedicated as a festival of music celebrations. The Mayor recommends that the citizens of all classes and conditions co-operate with the committees having the events in charge, to the end that the occasion may be made a great social, educational and artistic success.

His proclamation reads as follows:

"Music Week is designed to be the festival of the people; every religious, educational, business, artistic, fraternal and social organization is represented in its management and conduct; every race and creed is interested; no one is barred; and the harmonious and united efforts of all will make the Music Week a notable and memorable one in our history.

"Boston long held the musical leadership of America; in its schools and academies the musical art was taught and fostered; the names of Boston composers, musicians and patrons and benefactors of music are honored in American musical annals; and in the coming festival the love and interest in all the arts can be renewed and revived by united effort and the artistic prestige and primacy of Boston be restored and secured.

"Music Week will be a democratic festival of all the people, and I ask that all unite in making successful an event that can impress the mind, touch the heart and elevate the soul of Boston, and make our people, through its spiritualizing influence, better citizens, better neighbors, and a community working with a clearer understanding for the common weal.

"Therefore I call on all the citizens of Boston to join hands in this common cause, that out of the seed of inspiration, amity and beauty planted in Music Week a harvest of good will and a nobler appreciation of our civic duty and responsibility may spring."

JAMES M. CURLEY, Mayor.

BIDS REJECTED.

The Mayor has approved the action indicated by the following letter received from Fred J. Kneeland of the Public Buildings Department:

BOSTON, April 25, 1924.

HON. JAMES M. CURLEY,
Mayor of Boston:

DEAR SIR,—I wish to advise you that on Wednesday, April 23, 1924, this department publicly opened and read bids for furnishing finished hardware for Police Station No. 2 building, with the following result:

Burditt & Williams Company, \$6,050;
Nichols-Egan Company, \$9,000.

The lowest bid received was apparently not in legal form, they having neglected to return the specifications with their bid. The higher bid was in excess of the appropriation.

Under the foregoing conditions I respectfully request permission to reject all bids and readvertise for same.

Respectfully yours,

FRED J. KNEELAND,
Superintendent of Public Buildings.

AUTHORITY TO DO WORK.

The Mayor has approved the request of the Public Works Department to re-surface with asphalt macadam La Grange street, from Vale street to Vermont street, West Roxbury, with division forces, without advertisement, the estimated cost being \$5,000.

BUILDING PERMITS ISSUED APRIL 24 TO APRIL 30.

APRIL 28.—Concluded.

MAYOR SENDS MESSAGE OF CONDOLENCE TO NEW YORK MAYOR ON DEATH OF TAMMANY LEADER.

Mayor Curley sent the following telegram on April 25 on learning of the death of Charles F. Murphy of Tammany Hall:

HON. JOHN F. HYLAN,
Mayor of New York,
City Hall, New York, N. Y.:

I mourn with you in the loss of a loyal, stalwart and devoted leader, Charles F. Murphy of Tammany Hall. His high character and integrity, his loyalty and fidelity to his friends, his untiring service to those within the shadow of adversity, and his devoted labors in behalf of the City of New York leave an inspiring memory which will live forever.

JAMES M. CURLEY, Mayor.

OPPOSES WHITE WAYS IN SUB-URBAN DISTRICTS.

Mayor Curley received the following report from the City Planning Board on April 28:

DEAR MR. MAYOR,—In answer to your letter of April 15, regarding the problem dealing with the increasing demand for "white ways" in various sections of the city and especially in connection with that suggested on Centre and South streets from Pond street to the Arborway, the City Planning Board desires to point out certain general facts and also existing conditions in this special locality.

Centre street from Pond street to the monument at South street is already well lighted. From this point along South street to the Arborway no conduits for lighting purposes exist, the lamps being served by overhead wires. The installation of a "white way" on this portion of South street, therefore, would be unduly expensive, as it would necessitate the tearing up of the street and the placing of conduits, in addition to the expense of the lamps and posts for the "white way." Figures of the cost for this suggested improvement are being prepared at the present time by the Public Works Department.

In several instances in the city proper where "white ways" have already been established either the whole or a greater part of the expense has been borne by merchants and residents along the line. In local districts out of the general heart of the city it is a different type of locality that would receive service from "white ways." If the residents and merchants in these local districts are willing to bear the greater part of the expense in establishing "white ways" in their neighborhoods, the city might co-operate in this extra service, but if the whole burden of expense is to fall on the city a precedent is established that may, and probably will, be repeated in untold demands.

It is the opinion of the City Planning Board, therefore, that unless the residents and merchants in local districts are willing to bear the greater part of the expense, the establishment of "white ways" in local districts are an expense which the city is not warranted in assuming.

Respectfully submitted,

FREDERIC H. FAY,
Chairman.

MAYOR URGES COUNCIL TO PROVIDE ATHLETIC FIELD IN FENWAY AND BROADCASTING OF SUMMER CONCERTS FROM PARKMAN BANDSTAND.

The Mayor on April 28 addressed the following communication to the City Council:

To the City Council:

GENTLEMEN,—I beg to forward herewith communication of Park Commission and order providing for the expenditure and distribution of income of the Parkman Fund now available.

The driveway at present in use at Franklin Park is but 20 feet in width and constitutes a menace both to operators of motor vehicles and pedestrians. It was originally constructed to provide for horse-drawn pleasure vehicles, which no longer obtain in large numbers upon our highways. It is necessary, provided that the public are to be afforded an opportunity to enjoy the park system, that suitable roadways be provided and for the purpose the sum of \$53,000 is made available.

The sum of \$10,000 is provided for grading and drainage of athletic field in the Fenway; bleachers with accommodation for seating 2,000 have been provided in this section of the city where so many educational and scientific institutions

are located, and where the number of students in attendance is in excess of 7,000.

The sum of \$20,000 is provided for a system of amplifiers and radio equipment at the Parkman Bandstand in order that a larger number of persons may be privileged to enjoy the summer concerts and outdoor exercises which from time to time are held under the auspices of the city. It is estimated that through the adoption of the system of broadcasting of Sunday concerts opportunity may be afforded for 400,000 persons to enjoy a musical concert, which, under the present conditions, is seldom patronized by more than 3,000 persons.

In view of the possible advantages that may result from the adoption of the program as submitted by the Park Commission I respectfully recommend the adoption of the accompanying order.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR AWARDS FIRST CONTRACT IN MOVE TO PROVIDE SANITARY AND OFFAL REMOVAL IN GERMANTOWN DISTRICT OF WEST ROXBURY.

To the Mayor of Boston:

Your approval is respectfully requested to the award of a contract to the

lowest bidder, the C. & R. Construction Company, for the construction of sewerage works in the Germantown district, West Roxbury, and the main outlet to the state metropolitan sewer in Dedham, at an estimated cost of \$165,742.50.

At present there are no sewers in this district, and the old privy system is the only method of sewage collection and disposal; and not only will the health of this district be protected but the entire city will be freed of the possibilities of typhoid and other communicable diseases originating from defective sewerage conditions in this rocky district and transmitted from that source.

The award of this contract at \$165,742.50 will be the beginning of the expenditure of \$1,000,000 necessary to provide modern sewerage works for this community which has been grossly neglected for the past twenty-five years.

The work to be done under this contract is to be completed on or before June 1, 1925.

The following bids, which include fixed prices, were received on April 25, 1924, after advertisement:

C. & R. Construction Company, \$65,742.50; V. Barletta, \$173,430.50; A. Baruffaldi, \$174,534.50; J. Williams & Co., \$177,198.70; William Barrett Company, \$178,172.25; A. G. Tomasello & Son, \$178,902; V. Grande, \$190,624; M. H. Loonie, \$191,974; A. Cefalo, \$194,556; Bruno & Petitti, \$211,536.

Yours respectfully,

JOSEPH A. ROURKE,
Commissioner of Public Works.

MAYOR SOLE ARBITER IN MATTER OF CONTINGENT FUND EXPENDITURES.

The opinion of the Corporation Counsel having been sought as to the purposes for which the Mayor's contingent fund may be executed, the Corporation Counsel, on April 28, called the attention of the Mayor to an opinion rendered in 1874 by the then City Solicitor, J. P. Healy, relative to contingent expenses incurred by his Honor the Mayor, which is as follows, and is concurred in by the present Corporation Counsel:

BOSTON, September 8, 1874.

A. T. TURNER, Esq., Auditor:

DEAR SIR,—I answer your question in the affirmative. In my opinion the Mayor is alone responsible for the expenditure of his contingent fund, and his drafts drawn against it, if they do not exceed in the aggregate the amount of the appropriation, are to be paid without reference to the purposes for which he makes the expenditures.

Yours truly,

J. P. HEALY,
City Solicitor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch, 12-inch, 18-inch earthen pipe, and a 4-foot 6-inch circular concrete surface drain in Hallowell street, from 65 feet northeast of Oakland street to a point 575 feet northeasterly and in private land, between Hallowell and Favre streets in the Dorchester district, at an estimated cost of \$18,000.

PROCEEDINGS OF SCHOOL COMMITTEE.

April 21, 1924.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:35 o'clock P. M., the Chairman presiding.

ORDERED, That the order relative to appropriations for schoolhouse accommodations as passed on Apr. 7, 1924 be amended by inserting immediately after the numerals 1920 the following:

"as amended by Chapter 488 of the Acts of 1923"

so that the order as amended shall read as follows:

"ORDERED, That in accordance with the provisions of Chapter 206 of the Special Acts of 1919, as amended by Chapter 524 of the Acts of 1920, as amended by Chapter 488 of the Acts of 1923, the following appropriations are hereby made for the purpose of meeting the administration expenses of the Schoolhouse Department; for the additional cost

of accommodations previously authorized, and for additional school accommodations;"

Passed by the following vote:

YEAS—Dr. Bogan, Miss Curtis, Messrs. O'Hare, Scannell and Sullivan—5.

NAYS—0.

CERTIFICATION AND APPOINTMENT OF ATTENDANCE OFFICER.

A communication was received from the Secretary, under date of Apr. 21, 1924, reporting that the Division of Civil Service has certified the following-named persons as eligible for appointment as attendance officer:

Arlita D. Parker, Agnes T. Doyle, and Mary T. Mahoney.

Placed on file.

On motion, the Board proceeded to the election of an attendance officer.

In connection therewith, Mr. Sullivan submitted the following statement:

From the earliest times nations and states have conferred honors and offices upon those of their citizens who have rendered distinguished service in time of war. So it is that our own Commonwealth has enacted a Veterans' Preference Act, which appears in General Laws, Chapter 31, section 23 and following.

This Committee contemplates the appointment of a non-veteran woman to the position of Attendance Officer in the public schools.

In my opinion, such an appointment would constitute a violation of the Veterans' Preference and would serve as a distinct hardship to non-veteran male candidates.

Section 23, Chapter 31, which reads as follows:

"The names of veterans who pass examinations for appointment to any position classified under the Civil Service shall be placed upon the respective eligible lists in the order of their respective standing, above the names of all other applicants, and upon receipt of a requisition not especially calling for women, names shall be certified from such lists according to the method of certification prescribed by the Civil Service rules applying to civilians"

does not permit this Committee under the guise of exercising its discretion to call for non-veteran women without substantial proof that the position or positions in question are of such a feminine nature as to positively and exclusively call for the appointment of a woman. Otherwise we shall be substituting our discretion for the law and the apparent intent of the legislature.

The creation of the double list system by the Civil Service Commission is alleged to be a mere matter of convenience, but in my opinion it is a violation of said section 23 and an invitation to appointing authorities to defeat the Veterans' Preference.

In these times of equality of opportunity to all alike, both men and women, there should also be equality of responsibility, because with equality of opportunity and privilege there necessarily must be equality of responsibility and obligation.

The arbitrary appointment of a woman at this time is not only a subterfuge to circumvent the Veterans' Preference Act, but it is also an injustice to non-veteran men who were disqualified from service in

time of war by circumstances and reasons in which they had no voice, no will, and over which they had no control, just as compelling and just as vital as existed in the case of non-veteran women.

The appointment of a woman at this time, in my opinion, is an outrage to the thirty veterans who appear at the head of the list and to the thirteen non-veteran men, all candidates for appointment.

I sincerely hope that veteran organizations will see to it that the Courts determine for once and for all the preference of veterans as Civil Service candidates under the law. Else we shall witness the gradual, yet irresistible and complete breakdown of the Veterans' Preference and the substitution of the discretion, desire or whim of appointing authorities, for the law.

Placed on file.

The Secretary was directed to call the roll.

The members, as their names were called, respectively stated that they voted as follows:

For AGNES T. DOYLE—Dr. Bogan, Miss Curtis, Messrs. O'Hare and Scannell—4.

NOT VOTING—Mr. Sullivan—1.

The Chairman declared Agnes T. Doyle duly elected attendance officer, to take effect Apr. 28, 1924.

RETIREMENT OF ASSISTANT, BUSINESS AGENT'S OFFICE.

A communication was received from the Business Agent, under date of Apr. 8, 1924, reporting that the Boston Retirement Board, at a meeting held on Jan. 16, 1924, retired J. Frederick Sayer from active service, effective at the close of business on Jan. 31, 1924.

Placed on file.

LEAVE OF ABSENCE TO CUSTODIAN.

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1924, recommending that the leave of absence granted Michael E. Colleary, custodian, Wendell Phillips School-house, be extended for the period Mar. 28, to Apr. 30, 1924, inclusive, on one-half net compensation.

Placed on file, and leave of absence on one-half net compensation extended for the period specified.

ADDITIONAL COMPENSATION TO CUSTODIAN.

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1924, recommending that George L. Chessman, custodian of the Old Edward Everett and Richard C. Humphreys School-houses, be allowed and paid the sum of five dollars (\$5) for extra services required of him because of an epidemic of a communicable disease in the Old Edward Everett School-house.

Placed on file.

On motion, it was ORDERED, That George L. Chessman, custodian, Old Edward Everett and Richard C. Humphreys School-houses, be allowed and paid the sum of five dollars (\$5) for extra services required in washing furniture, desks, floors, etc., in a class room in the Old Edward Everett School-house because of an epidemic of communicable disease.

CERTIFICATION OF AREAS, DEARBORN SCHOOL-HOUSE

A communication was received from the Schoolhouse Custodian, under date of Apr. 21, 1924 recommending that the certification of the areas upon which the salary of the custodian of the Dearborn School-house is based be changed by substituting 40,597 square feet as the areas of the yards and sidewalks, instead of 25,849 square feet, to take effect Apr. 1, 1923.

Placed on file, and the recommendation adopted.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS.

A communication was received from Ernst & Ernst, under date of Apr. 8, 1924, submitting their report on the examination of the books and accounts of the Business Agent, the Secretary, and the principals of the Boston Trade School, the Trade School for Girls, and the Continuation School, for the year ending Jan. 31, 1924.

Placed on file.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

The Massachusetts Civil Service Commission announce examinations for desirable positions open in the Boston and Metropolitan districts as follows:

SANITARY ENGINEERING ASSISTANT, DE- PARTMENT OF PUBLIC HEALTH, MAY 6, 1924.

The salary is \$1,200 per year. It is desirable that applicants should either be graduates of a course in sanitary engineering given by a recognized technical institution, or should have had a year's experience in sanitary engineering in addition to a general engineering education.

The duties of this position require that applicants be capable of making sanitary surveys of watersheds and assisting in the examinations of water supplies, sewage disposal works and rivers under the direction of the chief engineer or his principal assistants. Appli-

cants should have a knowledge of hydraulics and of interpretation of water and sewage analyses and be able to make plans or sketches of works under investigation without being called upon to make designs.

The subjects of examination with their respective weights will be as follows: Training and experience, 8; penmanship, 1; mathematics, 4; questions on duties, 7; total, 20.

Applicants will be required to obtain a mark of at least 65 per cent in training and experience and in general average in order to become eligible.

Preference granted under the law to disabled veterans is applicable to this examination.

SEALERS, DEPUTY SEALERS OF WEIGHTS AND MEASURES, MAY 9, 1924.

This examination is for the service of all cities in the state and such towns as are classified under civil service. The salaries range from \$800 to \$1,600 per year.

The sealer of weights and measures is required to enforce the laws pertaining to weighing and measuring devices and to the giving of false or insufficient weight or measure; to the licensing of hawkers, pedlers, and transient vendors; to wholesale milk containers, ice cream cans and moulds, cranberry barrels and crates, standard boxes for farm produce, berry baskets, and other containers used as measures; to the weights of bread and to the labeling of loaves of other than standard unit weight.

It is also his duty to test all weighing or measuring devices used for buying or selling, for public weighing, or for hire or reward, and to seal or condemn them in accordance with the results of his tests; also to investigate complaints and to prosecute violations of law when the evidence warrants such action. Pamphlets including the general laws relating to weights measures, licenses, etc., and a "Sealer's Manual," containing instructions for the inspection, testing and sealing of weighing and measuring devices, may be obtained upon request to the Director of Standards, 194 State House, after application for examination has been filed.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; simple arithmetic, including simple percentage, decimals and the metric system, 2; report, 1; technical questions aimed to test applicant's knowledge of (a) the law governing the inspection of weights and measures; (b) the construction and types of mechanical weighing and measuring apparatus; (c) ability to present cases in court; (d) general knowledge of the duties of the position, 3; total, 10.

Successful applicants will also be required to file a certificate from a reputable physician as to their physical fitness for the position.

Preference granted under the law to disabled veterans is applicable to this examination.

WATCHMEN, GATEMEN, GUARDS AND PRISON OFFICERS, MAY 15, 1924.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. This service includes watchmen and guards in public parks, grounds, institutions and departments, gatemen for ferries; turnkeys and guards in prisons, houses of detention and reformatories.

Applicants for appointment as officers in the State Prison and Massachusetts Reformatory must be not less than twenty-five and not over forty years of age at the time of filing application. Applicants for appointment as officers in Prison Camp and Hospital must be not less than twenty-three nor over forty years of age at the time of filing application. All applicants for these places must be not less than 5 feet 7 inches in height and weigh not less than 135 pounds. A certificate of date of birth must be filed with the applications for this service.

There are no age, height or weight limits for watchman service other than those mentioned above.

The examination for watchmen, gatemen and guards will be as follows: Training and experience, 6; memory test, 1; arithmetic, 1; handwriting, 1; accuracy, 1; total, 10.

The examination for prison officers will be as follows: Training and experi-

ence, 4; practical questions covering general disciplinary and penological methods, 3; personality and fitness, as determined by an oral interview, 3; total, 10.

Applicants who pass the examination for prison officers will, upon request, also be placed on the list for watchmen.

Successful applicants will be given a physical examination.

FIRST ASSISTANT ASSESSOR, BOSTON, MAY 20, 1924.

The salary is \$1,600 a year. There are four vacancies.

The duties of this position are approximately as follows: The City of Boston is divided into districts for assessing purposes. Each first assistant assessor has charge of a district. Beginning April 1 it is his duty to examine all real property and all tangible personal property in his district and put a fair valuation thereon for tax purposes. This generally takes from six to eight weeks. During the period after May 15, which is the completion of the street work, the assessors are in daily sessions at a dooming board until about August 1. From about the first of October to the first of January the first assistant assessors are required to give about one day a week for hearings in regard to abatement of taxes in their district. It is desirable that applicants should have a good general knowledge of real estate matters, with experience in buying and selling, and that they should be good judges of value, both of improved and unimproved real estate. A knowledge of tax laws is also desirable, as is experience as a builder or ability to judge value of new buildings. There is no objection to the assessors having other employment in their spare time.

The subjects of examination with their respective weights will be as follows: Training and experience, 4; practical questions, 3; personality and fitness as determined by an oral interview, 3; total, 10.

Applicants are required to obtain a mark of at least 65 per cent in training and experience, at least 50 per cent in practical questions, and at least 65 per cent in the oral interview and in general average in order to become eligible.

DENTISTS, MAY 21, 1924.

This examination is for the service of the state, all cities in the state and such towns as are classified under civil service. From the eligible list established as a result of this examination names will be certified to fill vacancies in institutions, schools and other positions as they occur. The salaries range from \$1,000 to \$1,400 per year.

Applicants are required to be registered to practise dentistry under the Board of Dental Examiners, Department of Civil Service and Registration.

The examination will consist of the filing of a statement of training and experience. The mark given on experience will be combined with the mark given applicants by the State Board of Dental Examiners, and an average will be taken to determine their standing on the list.

Successful applicants will also be given a physical examination.

JANITORS, MAY 23, 1924.

This examination will be held for the service of the state and all cities and such towns in the state as are classified under civil service. There are several vacancies at the present time.

The subjects of examination with their respective weights will be as follows: Training and experience, 5; practical questions on the duties of the position, 5; total, 10. Applicants are required to obtain a mark of at least 50 per cent in practical questions. Successful applicants will also be given a physical examination.

UNDERGROUND RAPID TRANSIT IN BOSTON.

The Boston Transit Commission, consisting of five members, two appointed by the Governor and three by the Mayor, began its official existence, July 1, 1894, and ended it July 1, 1918, after seven extensions of the original term. It constructed, under the authority of Acts of the Legislature, the following subways and tunnels, the ownership of which is vested in the City of Boston, and all costs to be covered by revenue from same, not by taxation; Tremont Street Subway, from Broadway and Tremont street, South End, to North Station, and from Boylston street, near Charles, to Park street, 1.68 miles, open to Park street, September 1, 1897, and to North Station on Sept. 3, 1898, costing with subsequent alterations, \$4,416,000, the first transportation subway in the United States; East Boston Tunnel, from Maverick square, East Boston, under Boston Harbor and State street to Scollay square, Boston Proper, 1.42 miles, opened December 30, 1904, costing \$3,336,000, the first all-concrete under-water transportation tunnel in the world; Washington Street Tunnel, from Ash street, opposite Nassau, South End, to Traverse street, near North Station, 1.16 miles, opened November 30, 1908, costing \$8,496,700 (including \$2,850,000 land damages); Cambridge Connection Subway from under Park street station of Tremont Street Subway to Grove street near Cambridge Bridge, 0.47 miles, opened March 23, 1912, costing \$1,465,000; Boylston street subway, from Commonwealth avenue, near Kenmore street, Back Bay, to Tremont Street Subway, near Charles street, 1.5 miles opened October 13, 1914, costing \$5,485,639; East Boston Tunnel Extension, from Scollay square to North Russell street, 0.41 miles, opened March 18, 1916, approximate cost, \$2,450,000; Dorchester Tunnel, from Park street, Boston Proper, to Andrew square, South Boston, 2.26 miles, opened December 3, 1916, as far as South Station; on December 15, 1917, to Broadway, South Boston, and on June 29, 1918, to the Andrew Square terminal. Trains of four or six cars are run in the Washington Street Tunnel, continuing on elevated track to Forest Hills, also in Dorchester Tunnel from Andrew square, South Boston, connecting with Cambridge Tunnel, to Harvard square, Cambridge, while only single or double street cars are run in the other tunnels and subways; amount borrowed to 1922 for the Dorchester Tunnel, \$10,750,000. Total gross debt for all subways and tunnels, \$37,558,700 (incl. loans of \$1,210,000 for new Arlington Station of Boylston Street Subway, opened on November 13, 1921), against which a sinking fund of \$6,369,630 has been accumulated from the revenue, payable mostly in 40 years from date of each loan (loans since 1911 payable in 45 years), annual interest averaging 3.8 per cent. These underground ways, about 8.9 miles in all with total of 19.27 miles of single track were leased to the

Boston Elevated Railway Company (which furnished the equipment) for term of 25 years (except Tremont street, 20 years) at annual rental of $4\frac{1}{2}$ to $4\frac{3}{4}$ per cent of net cost (except East Boston Tunnel which was at $\frac{3}{4}$ of one per cent of all annual gross receipts of said company). In accordance with Chapter 741, Acts of 1911, the various leases were extended to July 1, 1936, the rental to be $4\frac{1}{2}$ per cent of net cost after expiration of the first-term leases.

By Chap. 185, Special Acts of 1918, the powers of the Transit Commission, whose term expired that year, were transferred to the Mayor, Commissioner of Public Works and City Treasurer, or such person or persons, not exceeding three, as the Mayor might appoint. By Chap. 3, Ordinances of 1918, the Transit Dept. was established as a regular City department, to be in charge of three commissioners.

AUTOMOBILE STATISTICS.

Registration and licensing of motor vehicles and operators in Massachusetts is in charge of the State Department of Public Works, Registrar of Motor Vehicles. In year ending November 30, 1921, there were registered 360,732 automobiles, an increase of 56,101 over the total in 1920 and 90.58 per cent more than 5 years ago, also 12,058 motor cycles. New York ranks first among the states in number of automobiles in use November 1, 1921, viz., 651,796; (2) Ohio, 616,800; (3) Pennsylvania, 570,164; (4) California, 568,892; (5) Illinois, 568,759; (6) Iowa, 437,300; (7) Texas, 427,434; (8) Michigan, 412,717; (9) Minnesota, 364,312; (10) Indiana, 332,707; (11) Massachusetts, 304,631; (12) Missouri, 295,817; (13) Wisconsin, 293,298; (14) Kansas, 265,396; (15) New Jersey, 226,459. The West leads in ratio of automobiles to population, the farmers being the most numerous users. In Iowa, California, Nebraska and South Dakota there is one to every 6 inhabitants and most of the other western states show from one to 7 to one to 9. In Massachusetts the ratio is one to 13 and in New York State, one to 16. Reported (unofficially) owned in Boston alone, in 1921, 46,725 or 36,706 passenger cars and 10,019 trucks. Persons licensed to operate in State, 380,519 (*i. e.*, 18,940 more than in 1920), of which 247,769 were classed as operators and 132,750 as chauffeurs; licenses revoked, 1,119. Total received by State in 1921 for all fees, \$4,712,890 or \$852,659 more than in 1920. Number of deaths from accidents in State in year ending November 30, 1921, 544 (*i. e.*, 63 more than in 1920); injured, 11,486 or 9,696 less than in 1920; in Boston alone, 88 killed and 1,914 injured. Prosecutions by Boston police for violation of automobile laws in year ending November 30, 1921, 9,408 (1,000 less than in 1920), of which 4,513 were of non-residents and 995 of minors.

Deaths from automobile accidents in cities in year 1920: New York, 773; Chicago, 472; Philadelphia, 226; Detroit, 175; Cleveland, 155; Los Angeles, 142; St. Louis, 104; Boston, 89. Highest death rate per 100,000 population in California, 21.1; (2) Connecticut, 15.6; (3) New York, 13.5 and Washington the same; (4) Rhode Island, 12.8; (5) New Jersey, 12.7; (6) Colorado, 12.4; (7) Ohio, 12.3; (8) Pennsylvania, 11.9; (9) Massachusetts, 11.7.

The automobile industry, begun about 23 years ago, now ranks fourth (if not third) in this country. In 1921, the production was approximately 1,668,500 vehicles or 1,514,000 passenger cars and 154,500 trucks, all valued (wholesale) at \$1,260,000,000.
